

Roby Park Primary School

Maths Workshop Monday 7th November 2022

"A brilliant workshop - it is great to learn with the children."

"A really informative session, helping us to understand what is taught throughout the different years."

"Fantastic! It was very informative and well organised. It was very helpful."

"I enjoyed the Numbot activity with the buttons, evaluating the quantities with number."

"It was very helpful and clear - lots of useful, practical ideas and it was nice to see the development they will go through in years to come."

"A great session! It is good to know there is no one way to learn and there are multiple resources to access."

"It was a really amazing session. It was very helpful for me. Mrs Beggs supported me very well. All teachers taught me great ideas how to help with Maths."
